Attn: RFP 2021-06

Pursuant to Florida Statute § 287.057(3)(c), the Florida Keys Mosquito Control District hereby posts notice of its intent to contract with Air Bus, Inc., as it is believed that they are the sole source of the below-referenced services. Prospective vendors that believe they can provide these services in accordance with the terms and conditions herein may submit proposals to the Florida Keys Mosquito Control District for evaluation.

All Proposals must be submitted in writing, in a sealed envelope.
To be considered, submit one (1) original and five (5) copies to Executive Director.

Scope of Work:

Florida Keys Mosquito Control District seeks to have unscheduled inspections performed due to Rotor Overspeed on helicopter Model H125, registration number N720FK.

All inspections/repairs must be completed in accordance with Aircraft Maintenance Manual (AMM) Chapter 05-50-00,6-3; Case #F.2, RPM more than 450, but less than 470.

Main components requiring specialized inspection and possible repair:

- Main Rotor Hub Assembly
- Main Rotor Blades
- Tail Rotor Blade Assembly

FKMCD will incur the cost of shipping containers and components to and from the authorized vendor/facility.

Proposals shall include a NOT TO EXCEED PRICE for all possible labor, parts and components needed.

All inspections/work must be performed/completed in accordance with current FAA Regulations.

Vendor/Bidder must use a "Certified" AirBus Authorized Repair Facility, due to warranty specifications.

Vendor/Bidder must provide proof of e-verify compliance.

Selection Criteria:

The vendor will be selected through a combination of:

1) Cost 2) Experience 3) Estimated Turn Around Time

All communications regarding this project, including questions related to this Request for Proposal, shall be submitted in writing to the Purchasing Agent, Rochele Miller at rlmiller@keysmosquito.org.
