## **Audit Committee Meeting Agenda**

**Florida Keys Mosquito Control District**  
Marathon Office  
503 107<sup>TH</sup> Street, Marathon, FL

**June 20, 2023 1:00 pm**

**1.) Call to Order**

**2.) Invocation and Salute to the Flag**

**3.) Roll Call**

**4.) General Community Input:**

Community Input shall be heard prior to each agenda item.

The Board adheres to, and conducts each meeting in accordance with, Robert's Rules of Order. Presentations to the Board are limited to three (3) minutes for each individual speaker and five (5) minutes for the representative of a designated group. Transfer of time between individuals and/or groups is not permitted. Letters submitted to any Commissioner, the Executive Director, Executive Assistant, or any other District employee during a Board meeting will be placed into the record but will not additionally be read into the record at the meeting.

The Board welcomes public input but also must maintain order. Thus, community input is not a time for open dialogue between the Board and the speaker. Speakers should direct their comments to the Board and not to District staff or other audience members. Speakers should not expect Commissioners or staff to answer or respond to questions during community input. If appropriate, the Board may request the issue be added as a discussion item at a future District Board meeting. Furthermore, all speakers agree to abide by FKMCD's Code of Conduct Policy and Procedures Governing Meetings, Hearings, and Community Input, as adopted through Resolution 2021-02.

Any person who wishes to make public comment during this meeting may be heard by the Board, through the Board Chair, on any proposition before the Board by either (1) complete and provide the supplied community input card or inform the Clerk/Executive Assistant to the Board, specifying the agenda item; or (2) when remote means for input is allowed by the Board, calling 305-292-7190 or emailing the Clerk/Executive Assistant (currently [ddarias@keysmosquito.org](mailto:ddarias@keysmosquito.org)) no later than 11:00 am on June 20, 2023. If attending remotely, you must remain available by phone from the hours of 1:00pm to 3:00pm.

**5.) Approval of Agenda**

**6.) Items for Board Discussion:**

- a.) 2021-2022 Audit Presentation (Hill)

**7.) Items for Board Review and Action:**

- a.) Approval of the 2021-2022 Audit (Cranney)

**8.) Good of the Order**

**9.) Meeting Adjourned**

*Item 6a*

## INDEPENDENT AUDITOR'S REPORT

Board of Commissioners  
Florida Keys Mosquito Control District  
Key West, Florida

### Report on the Financial Statements

#### Opinions

We have audited the accompanying financial statements of the governmental activities, the major fund and the aggregate remaining fund information of the Florida Keys Mosquito Control District ("the District"), as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund, and the aggregate remaining fund information of the District, as of September 30, 2022, and the respective changes in financial position and the budgetary comparison for the general fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

#### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of X, State Y and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- DRAFT
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
  - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of X, State Y's internal control. Accordingly, no such opinion is expressed.
  - Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
  - Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of X, State Y's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Other Information**

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### **Other Reporting Required by *Government Auditing Standards* and Chapter 10.550, Rules of the Florida Auditor General**

In accordance with *Government Auditing Standards*, we have also issued our report dated June 20, 2023 on our consideration of the District's internal controls over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

In accordance with Chapter 10.550, Rules of the Florida Auditor General, Local Governmental Entity Audits we have also issued our reports dated June 20, 2023. The purpose of those reports is to communicate certain matters prescribed by Chapter 10.550, Rules of the Florida Auditor General.

June 20, 2023

## MANAGEMENT'S DISCUSSION AND ANALYSIS

### CORE BUSINESS

The Florida Keys Mosquito Control District (the District) is a unit of local government engaged solely in mosquito control in the Florida Keys. The District's stated business is defined in Florida Statute 388.0101 as ". . . maintain such levels of arthropod control as will protect human health and safety and foster the quality of life of the people, promote the economic development of the state, and facilitate the enjoyment of its natural attractions by reducing the number of pestiferous and disease-carrying arthropods."

Our discussion and analysis of the District's financial performance provides an overview of the District's financial activities for the fiscal year ended September 30, 2022. Please read it in conjunction with the transmittal letter and the District's financial statements.

### HIGHLIGHTS

#### District Highlights

- The District is an independent special taxing district established by Monroe County, Florida referendum on November 7<sup>th</sup> 1950. It was created by special act of the Florida Legislature and is governed by a five member Board of Commissioners.
- Operations are conducted in the Florida Keys and not in the mainland portion of Monroe County.
- At year-end, the District employed 70 full time and 15 part time employees operating 2 airplanes, 4 helicopters, 75 vehicles, 5 ATV's and 5 boats.
- Sixty-seven locally acquired cases of Dengue fever were confirmed in the Upper Keys during 2020. Fifty-eight of the cases were located in Key Largo, and nine were located in Tavernier. Additional product applications were required to slow the spread of Dengue; this resulted in approximately \$1,000,000 of additional chemical costs during that fiscal year. The District continued working in partnership with Oxitec under an experimental use permit granted by the U.S. Environmental Protection Agency and Florida Department of Agriculture and Consumer Services on the first releases of genetically-modified male mosquitoes in the United States to control *Aedes aegypti*, the primary vector of Dengue Fever in the Americas.
- The threat of Dengue fever recurrence or the introduction of other mosquito borne diseases into the Florida Keys continues to pressure the scope of District operations.
- Due to environmental regulations and biological pressures (i.e. growing resistance of mosquitoes to particular insecticides), District operations have had to encompass a wider variety of abatement materials. This can create financial pressure with increasing costs of the various mosquito abatement materials required. This can create financial pressure with increased costs of the various mosquito abatement materials required.

#### Financial Highlights

- The District's fund balance increased by \$1,188,107 and net position increased by \$565,003.
- Based on the October 1, 2021 actuarial study for the District's other post-retirement employment benefits (OPEB), subsequent years' planning for funding and reporting continued.

### USING THIS ANNUAL REPORT

This annual report consists of two parts: Management's Discussion and Analysis and Financial Statements. The Financial Statements also include notes that explain in more detail some of the information presented in the financial statements.

### REQUIRED FINANCIAL STATEMENTS

The Financial Statements of the District report information about the District using accounting methods similar to those used by private sector companies. These statements offer short- and long-term financial information about its activities. The Statement of Net Position includes all of the District's assets and liabilities and provides information about the nature and amounts of investments in resources (assets) and obligations to creditors (liabilities). All of the current year's revenues and expenses are accounted for in the Statement of Activities. These statements measure the success of the District's operations over the past year and can be used to determine fiscal efficiency, credit

## MANAGEMENT'S DISCUSSION AND ANALYSIS

worthiness and whether the District has successfully managed operations in a financially prudent manner for the benefit of the taxpayers of the Florida Keys.

### FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

The discussion and analysis provided by management is intended to concisely give the reader an overview and assessment of the District.

1. Has met operational objectives efficiently and effectively.
2. Assess if it can meet its goals in the immediate future.
3. If it is viable as an ongoing business enterprise.

One of the most important questions asked about the District's finances is "Is the District, as a whole, better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the District's operations in a way that will help answer this question. These two statements report the net position of the District and changes in net position. You can think of the District's net position (the difference between assets and liabilities) as one way to measure financial health or financial position. Over time, increases or decreases in the District's net position are one indicator of whether its financial health is improving or deteriorating. However, you will need to also consider other non-financial factors such as changes in economic conditions, population growth or loss, and new or changed legislation.

Changes in the District's net position can be determined by reviewing the following Net Position Analysis for the year (Table 1).

**Table 1**  
**Net Position Analysis**

	2020	2021	2022	2021 to 2022 Increase (Decrease)	
				Amount	Percent
Net Capital Assets	\$ 20,810,864	\$ 20,132,925	\$ 19,881,201	\$ (251,724)	-1.25%

# DRAFT

## MANAGEMENT'S DISCUSSION AND ANALYSIS

### ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS

The District continues mosquito control operational streamlining in previously excluded protected lands and offshore islands to protect citizens from mosquito migrations into populated areas using environmentally compatible materials. As in the past, the District continues to use a two-pronged approach to eradicate mosquitoes -- spraying adult mosquitoes (adulticiding operations) and eliminating larvae in water (larviciding operations).

After a ten-year absence, the reappearance of Dengue fever has increased the urgency of mosquito control operations in the city of Key West, and the Florida Keys. The District continued aggressive operations to combat the vector *Aedes aegypti* mosquito which transmits the disease.

In addition to the Dengue virus, the District is also faced with the looming threat of residents contracting the Zika or Chikungunya viruses. These viral diseases are very similar to Dengue, and they have become more pronounced in the western hemisphere. Zika, which has infected inhabitants of Miami and other U.S. cities, is also spread by the *Aedes aegypti* mosquito; it is likely one of many vector borne diseases that the District will be combating in the coming years. In order to avoid the reappearance, introduction, or spread of disease to other areas, the District tailored a ground inspection program and further increased aerial adult and larval mosquito control spraying missions over the city of Key West. These additional operations continue placing demands on District resources.

District's management would like to earmark approximately \$1 million reserves annually in order to purchase another Airbus helicopter in the ongoing effort to modernize and homogenize the District's aerial fleet. Setting aside annual reserves will allow the District to purchase a new helicopter for cash in approximately four years. These reserves will allow the District to maintain current lease expenditure levels, which are limited by the District's enabling legislation. Establishing these reserves will necessitate the need for increased ad valorem revenues unless corresponding decreases in expenditures can be pinpointed.

### CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the District's Comptroller at 18 Aquamarine Drive, Key West, Florida, 33040, phone (305) 292-7190.

**FLORIDA KEYS MOSQUITO CONTROL DISTRICT  
STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE  
GENERAL FUND  
YEAR ENDED SEPTEMBER 30, 2022**

**Amounts reported above for governmental activities in the statement of activities are different because:**

Net change in fund balance - total governmental funds	\$ 1,188,107
Amounts reported for governmental activities in the statements of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statements of activities, the cost of those assets are allocated over their estimated useful lives and reported as depreciation expense.	
Capital outlay	309,504
Depreciation expense	(858,965)
Debt proceeds provide current financial resources to governmental funds, but debt proceeds increase long-term liabilities in the statement of net position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.	
Payment of capital related principal	599,068
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.	
Change in compensated absences payable	(56,081)
Change in net OPEB obligation payable	(1,509,843)
Change in net pension payable	(2,841,573)
Change in deferred outflows	753,898
Change in deferred inflows	2,980,887
Change in net position	\$ 565,002

FLORIDA KEYS MOSQUITO CONTROL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
SEPTEMBER 30, 2022

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Reporting Entity** - The State of Florida created the Monroe County Mosquito Control District (“the District”), a special taxing district, under the enabling act of Chapter 67-1726, Laws of Florida, Acts of 1967. The District was renamed the Florida Keys Mosquito Control District in 1998. The District operates under a Board of Commissioners consisting of five (5) members elected by the voters of Monroe County. Each member is elected for a term of four years and their terms are staggered so that an entirely new board will never be elected at one time.

For financial reporting purpose, the District is not included as a component unit of any other entity, nor does it include the financial statements of any other entity as a component unit. The District is not subject to oversight responsibility relative to any other unit of government. The manifestation of oversight responsibility includes financial interdependency, selection of governing body, ability to significantly influence operation, designation of management and accountability of fiscal matters, as well as the scope of services provided in the community. Although the District supplies mosquito control services to the residents of Monroe County, it is not considered a component unit of Monroe County as it is financially independent and has an independently elected Board of Commissioners, which is responsible for directing operations and designating management. The District has no accountability to Monroe County for its fiscal affairs.

**Measurement Focus, Basis of Accounting and Financial Statement Presentation** – The accounting policies and the presentation of the financial report of the District have been designed to conform to U.S. generally accepted accounting principles as applicable to governmental units, in accordance with the Governmental Accounting Standards Boards (GASB). GASB embodies the official pronouncements previously issued by the National Council on Governmental Accounting (NCGA).

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Non-exchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants and similar items. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures related to compensated absences and claims and judgments are recorded only when such liabilities have matured.

Ad valorem property taxes are recorded as revenues in the fiscal year in which the taxes are due and collected within 60 days of fiscal year-end. Intergovernmental revenues are recognized at the time of receipt. Investment earnings are recognized when earned. All other revenue items are recognized when cash is received by the District, as any potential receivable amounts are not significant.

**Basic Financial Statements** – The government-wide financial statements consist of a statement of net position and a statement of activities that report information about the District as a whole. The statement of net position reports all financial and capital resources.

The statement of activities demonstrates the degree to which the direct expenses of the District’s program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include: 1) charges to customers who purchase, use or directly benefit from goods, services or privileges provided by a given program and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Fund financial statements are presented to report additional and detailed information about the District. Fund financial statements accompany the government-wide financial statements and present a summary reconciliation to

# DRAFT

## FLORIDA KEYS MOSQUITO CONTROL DISTRICT NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2022

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

explain differences between the data reported in the governmental funds and the data reported for the corresponding governmental activities in the government-wide financial statements.

**Fund Accounting** – The accounts of the District are organized on the basis of a fund and account groups, each of which is considered a separate accounting entity. The operations of the general fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenue and expenditures, as appropriate. Government resources are allocated to and accounted for in the general fund based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

The following governmental fund is used by the District.

**General Fund** – The General fund is the general operating fund of the District. All financial resources, which are not specifically restricted or designated as to use, are recorded in the General Fund.

**Cash and Investments** –The District’s cash and investments consist of demand deposits and highly liquid investments, including restricted assets, with a maturity of 90 days or less when purchased. Investments are carried at cost, which is approximately fair value.

**Inventory** – Inventory is stated at cost (as determined on first-in, first-out basis) and consists of chemicals held for use by the District.

**Property, Plant, Equipment and Leased Capital Assets** – Property, plant and equipment are recorded at cost for items purchased or constructed and at estimated fair market value on the date donated for contributed items. The capitalization threshold for capital assets is \$5,000. Depreciation is computed by the straight-line method based on the estimated useful lives of related asset classifications.

<u>Classification</u>	<u>Years</u>
Aircraft	5 - 10
Buildings, structures and improvements	5 - 40
Equipment, vehicles, furniture and fixtures	3 - 20
Computer equipment	3 – 5

Capital asset activity for the year ended September 30, 2022 was as follows:

	<u>Balance at</u> <u>10/01/21</u>	<u>Additions</u>	<u>Disposals</u>	<u>Balance at</u> <u>09/30/22</u>
Land	\$ 2,450,241	\$ -	\$ -	\$ 2,450,241
Buildings/hangers	14,004,408	-	-	14,004,408
Equipment:				
Aircrafts	12,288,745	-	-	12,288,745
Aviation and other airport equipment	486,770	-	-	486,770
Autos, trucks & heavy equipment	1,206,343	192,739	(93,423)	1,305,659
Other equipment	1,540,024	-	-	1,540,024
Subtotal	31,976,531	192,739	(93,423)	32,075,847
Less accumulated depreciation:	(11,843,606)	(749,588)	93,423	(12,499,771)
Leased Capital Assets	363,034	51,468	-	414,502
Less accumulated amortization:	-	(109,377)	-	(109,377)
Net capital assets	<u>\$ 20,495,959</u>	<u>\$ (614,758)</u>	<u>\$ -</u>	<u>\$ 19,881,201</u>

The District has recorded the right to use Leased Capital Assets as a result of implementing GASB 87. The leased assets are initially measured at an amount equal to the initial measurement of the related lease liability plus any lease payments made prior to the lease term, less lease incentive, and plus ancillary charges necessary to place the lease into service. The leased assets are amortized on a straight-line basis over the life of the related lease.

# DRAFT

FLORIDA KEYS MOSQUITO CONTROL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
SEPTEMBER 30, 2022

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

The District's policy concerning capitalized interest costs is in accordance with GASB Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period, which no longer requires the capitalization of interest costs.

**Compensated Absences** – District policy grants employees annual leave and sick leave in varying amounts. Upon termination of employment, employees can receive payment for accumulated annual leave. In general, sick leave payments are granted upon termination of employment to employees with 10 years or more of credited service. The maximum payment is subject to a percentage and maximum hour limitations. The District accrues a liability for leave hours that meet the criteria for payment at the eligible employees' current rates of pay plus retirement benefits and employment taxes.

**Net Position** – Net Position in the government-wide fund financial statements is classified as net investment in capital assets; restricted and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments imposed by law through state statute.

The District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

**Fund Balance** – In the governmental fund financial statements, fund balance is composed of five classifications designated to disclose the hierarchy of constraints placed on how fund balance can be spent. The government fund types classify fund balances as follows:

**Nonspendable** – Include amounts that cannot be spent because they are either not in spendable form, or for legal or contractual reasons, must be kept intact. This classification includes inventories, prepaid amounts, assets held for sale, and long-term receivables.

**Restricted** – Constraints placed on the use of these resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors or other governments; or are imposed by law (through constitutional provisions or enabling legislation).

**Committed** – Amounts that can only be used for specific purposes because of formal action (resolution or ordinance) by the government's highest level of decision-making authority.

**Assigned** – Amounts that are constrained by the District's intent to be used for specific purposes, but that do not meet the criteria to be classified as restricted or committed. Intent can be stipulated by the governing body, another body (such as a Finance Committee), or by an official to whom that authority has been given. With the exception of the General Fund, this is the residual fund balance classification for all governmental funds with positive balances.

**Unassigned** – This is the residual classification of the General Fund. Only the General Fund reports a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification, as the result of overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The District's policy is to first apply restricted, committed then assigned resources when an expense is incurred for purposes for which both restricted or committed or assigned and unassigned fund balance are available.

**Use of Estimates** – The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

**Postemployment Benefits Other Than Pensions (OPEB)** – For purposes of measuring the net OPEB Liability, deferred outflows of resources and deferred inflows of resources related to OPEB and OPEB expense, information about the fiduciary net position of the District's Retiree Health Care Plan (Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by The Plan. For this purpose, the Plan recognizes benefit payments when due and payable in accordance with the benefit terms.

# DRAFT

## FLORIDA KEYS MOSQUITO CONTROL DISTRICT NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2022

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

**Deferred Outflows/Inflows of Resources** – In addition to assets, the statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense/expenditure) until that time. The District has two items that qualify for reporting in this category, which are related to net pension liability and OPEB liability and are the differences between actual and expected experience on liabilities, changes in assumptions, contributions made after measurement date, and the net difference between projected and actual earnings on the pension plan investments.

**Budget** – The District’s annual budget is prepared on the cash basis in conformity with requirements of the Department of Agriculture and Consumer Services, Bureau of Entomology. The budget and all amendments thereto are approved by the Board and then submitted to the Bureau of Entomology for approval. Prior to, or on about, September 30, the District’s budget is legally enacted through passage of a resolution. Budgeted to Actual expenditure reports are employed as a management control device during the year for the fund. The budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America, except that compensation accruals are not budgeted. For the fiscal year 2022, the following adjustments were necessary to present the actual data on a budgetary basis for the General fund excess of revenues over expenditures:

GAAP basis	\$ 1,188,107
Compensation accrual difference	<u>(56,081)</u>
Non-GAAP budgetary basis	<u>\$ 1,132,026</u>

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. The separate financial statement element, deferred inflows of resources, represents resources for a future period(s) and will not be recognized as an inflow of resources (revenue) until that time. The District has two items that qualify for reporting in this category. These amounts relate to the net pension liability and the OPEB liability and are the difference between actual and expected experience, differences in projected and actual earnings on investments and changes in assumptions.

**NOTE 2 – CASH, CASH EQUIVALENTS AND INVESTMENTS**

As of September 30, 2022, the District had demand deposits of \$7,921,143.

**Custodial Credit Risk** – is the risk that in the event of a bank failure, the District’s deposits may not be returned to it. In accordance with its policy, all District depositories are banks designated by the State of Florida, Department of Insurance and Treasurer (“the Treasurer”) as qualified public depositories. Chapter 280 of the Florida Statutes “Florida Security for Public Deposits Act” provides procedures for public depositories to ensure public monies in banks and savings and loan associations are collateralized with the Treasurer as agent for the public entities. Chapter 280 defines deposits as demand deposit accounts, time deposit accounts, and nonnegotiable certificates of deposit.

Financial institutions qualifying as public depositories shall deposit with the Treasurer eligible collateral having a market value equal to or in the excess of the average daily balance of public deposits times the depository collateral pledging level required, pursuant to Chapter 280, as computed and reported monthly, or 125 percent of the average monthly balance, whichever is greater. The Public Deposit Security Trust Fund has a procedure to allocate and recover losses in the event of a default or insolvency. When public deposits are made in accordance with Chapter 280, no public depositor shall be liable for any loss thereof, and therefore, the District is not exposed to custodial credit risk.

**Interest Rate Risk** – As a means of limiting its exposure to fair value losses arising from rising interest rates the District’s investment policy limits its portfolio to maturities of no more than five years unless matched to a specific cash flow.

# DRAFT

## FLORIDA KEYS MOSQUITO CONTROL DISTRICT NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2022

### NOTE 2 – CASH, CASH EQUIVALENTS AND INVESTMENTS

**Credit Risk** – The District's general investment policy is to apply the prudent person rule: investments are made as a prudent person would be expected to act, with discretion and intelligence, to seek reasonable income, preserve capital and, in general avoid speculative investments.

### NOTE 3 – REVENUES

**Property Taxes** – Property taxes, based on assessed values at January 1, become due and payable on November 1<sup>st</sup> of each year. A four percent discount is allowed if the taxes are paid in November with the discount declining by one percent each month thereafter. Taxes become delinquent on April 1<sup>st</sup> of each year; and tax certificates for the full amount of any unpaid taxes and assessments must be sold not later than June 1<sup>st</sup> of each year. No accrual for the property tax levy becoming due in November 2022 is included in the accompanying financial statements, since such taxes are collected to finance expenditures of the subsequent period.

The collection of the District's tax revenues is administered by the Tax Collector of Monroe County.

**Charge for Services** – The District receives payment from the Naval Air Station, Key West (N.A.S. Key West) for mosquito control services provided on base. The contract between the District and N.A.S. Key West began October 1, 2006 and ended September 30, 2007 with 4 option years to follow. In fiscal year ended September 30, 2008, the Navy separated the management of the core military sites and military housing creating two separate contracts. A new contract was awarded for the period October 1, 2011 through September 30, 2012 with two option years. The contract for the core military sites ended on September 30, 2014. The Navy entered into a new one year contract during fiscal year ending September 30, 2020. The contract has four, one year options. The District continues mosquito control service to the military housing sites under contracts which are renewed annually. The annual rate for all services for fiscal year ended September 30, 2022 is \$349,585. The receivable balance at September 30, 2022 was \$108,049.

### NOTE 4 – CHANGES IN LONG-TERM LIABILITIES

	Balance 10/01/21	Additions	Reductions	Balance 09/30/22	Due Within One Year
FRS pension liability	\$ 2,330,692	\$ 2,841,573	\$ -	\$ 5,172,265	\$ -
Compensated absences	755,488	608,758	(552,677)	811,569	552,677
Net OPEB liability	14,127,070	1,509,843	-	15,636,913	-
	<u>\$ 17,213,250</u>	<u>\$ 4,960,174</u>	<u>\$ (552,677)</u>	<u>\$ 21,620,747</u>	<u>\$ 552,677</u>

**Lease Liabilities** – The District has entered into agreements to lease vehicles and certain equipment. The lease agreements qualify as other than short term leases under GASB 87 and, therefore, have been recorded at the present value of the future remaining minimum lease payments. At the end of each lease, the District returns the vehicles and equipment to the lessor without further obligation.

**Vehicles** – The District has 15 5-year agreements for fleet vehicles with Enterprise Fleet Management. Lease inception dates range from years 2019 to 2022. Each vehicle is paid in equal monthly installments with no variable payment components ranging from \$358 to \$729.

**Equipment** – The District has four 52-month agreements for office equipment with Xerox and one 5-year agreement for a water cooler with Pure Water Technology. Lease inception dates range from years 2018 to 2019. Each agreement is paid in equal monthly installments with no variable payment components ranging from \$197 to \$300.

## FLORIDA KEYS MOSQUITO CONTROL DISTRICT NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2022

### NOTE 4 – CHANGES IN LONG-TERM LIABILITIES (continued)

Future minimum lease obligations and the net present value of these minimum lease payments as of September 30, 2022, were as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	110,609	7,743	\$ 118,352
2024	101,885	4,437	106,322
2025	61,286	2,014	63,300
2026	16,006	553	16,559
2027	7,403	85	7,488
Thereafter	-	-	-
Total	<u>\$ 297,189</u>	<u>\$ 14,832</u>	<u>\$ 312,021</u>

### NOTE 5 – FINANCED PURCHASE

The District entered into a lease/purchase agreement for two new helicopters in June 2019. At September 30, 2022, the total assets capitalized under the lease are \$7,968,480, with accumulated amortization of \$498,030. Current amortization of \$199,212 is included within depreciation expense. Eleven annual payments are due on October 1 in equal installments of \$744,059, including 2.4375% interest, maturing October 1, 2030. At the end of the term, in which all payments are fulfilled, the District will acquire ownership.

The financed purchase matures as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	613,671	130,388	\$ 744,059
2024	628,629	115,430	744,059
2025	643,952	100,107	744,059
2026	659,648	84,411	744,059
2027	675,727	68,332	744,059
Thereafter	2,127,621	104,554	2,232,175
Total	<u>\$ 5,349,248</u>	<u>\$ 603,222</u>	<u>\$ 5,952,470</u>

### NOTE 6 – FLORIDA RETIREMENT SYSTEM RETIREMENT PLANS

#### Florida Retirement System:

General Information - All of the District's employees participate in the Florida Retirement System (FRS). As provided by Chapters 121 and 112, Florida Statutes, the FRS provides two cost-sharing, multiple-employer defined benefit plans administered by the Florida Department of Management Services, Division of Retirement, including the FRS Pension Plan (Pension Plan) and the Retiree Health Insurance Subsidy (HIS Plan). Under Section 121.4501, Florida Statutes, the FRS also provides a defined contribution plan (Investment Plan) alternative to the Pension Plan, which is administered by the State Board of Administration (SBA). As a general rule, membership in the FRS is compulsory for all employees working in a regularly established position for a state agency, county government, district school board, state university, community college, or a participating city or special district within the State of Florida. The FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 121, Florida Statutes, and Chapter 60S, Florida Administrative Code. Amendments to the law can be made only by an act of the Florida State Legislature.

The State of Florida annually issues a publicly available financial report that includes financial statements and required supplementary information for the FRS. The latest available report may be obtained by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315-9000, or from the Web site, [www.dms.myflorida.com/workforce\\_operations/retirement/publications](http://www.dms.myflorida.com/workforce_operations/retirement/publications).

**FLORIDA KEYS MOSQUITO CONTROL DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
SEPTEMBER 30, 2022**

**NOTE 6 – FLORIDA RETIREMENT SYSTEM RETIREMENT PLANS (Continued)**

**Pension Plan**

Plan Description - The Pension Plan is a cost-sharing multiple-employer defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees.

Benefits Provided - Benefits under the Pension Plan are computed on the basis of age, average final compensation, and service credit. For Pension Plan members enrolled before July 1, 2011, Regular class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary, for each year of credited service. Vested members with less than 30 years of service may retire before age 62 and receive reduced retirement benefits.

Special risk Administrative Support class members who retire at age 55 or with at least six years of credited service or 25 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 1.6% of their final average compensation based on the five highest years of salary, for each year of credited service. Special Risk class members (sworn law enforcement officers, firefighters, and correctional officers) who retire at or after age 55 with at least six years of credited service, or with 25 years of service regardless of age, are entitled to a retirement benefit payable monthly for life, equal to 3.0% of their final average compensation based on the five highest years of salary, for each year of credited service.

Senior Management Service class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 2.0% of their final average compensation based on the five highest years of salary for each year of credited service. Elected officers' class members who retire at or after age 62 with at least six years of credited service or 30 years of service regardless of age are entitled to a retirement benefit payable monthly for life, equal to 3.0% (3.33% for judges and justices) of their final average compensation based on the five highest years of salary for each year of credited service.

For Pension Plan members enrolled on or after July 1, 2011, the vesting requirement is extended to eight years of credited service for all these members and increasing normal retirement to age 65 or 33 years of service regardless of age for Regular and Senior Management Service, and Elected Officers' class members, and to age 60 or 30 years of service regardless of age for Special Risk and Special Risk Administrative Support class members. Also, the final average compensation for all these members will be based on the eight highest years of salary.

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the Pension Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost of living adjustment is three percent per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of three percent determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by three percent. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

In addition to the above benefits, the DROP program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with a FRS employer for a period not to exceed 60 months after electing to participate. Deferred monthly benefits are held in the FRS Trust Fund and accrue interest. There are no required contributions by DROP participants.

Contributions - Effective July 1, 2011, all enrolled members of the FRS, other than DROP participants, are required to contribute 3% of their salary to the FRS. In addition to member contributions, governmental employers are required to make contributions to the FRS based on state-wide contribution rates established by the Florida Legislature. These rates are updated as of July 1 of each year. The employer contribution rates by job class for the periods from October 1, 2021 through June 30, 2022 and from July 1, 2022 through September 30, 2022, respectively, were as follows: Regular 10.82% and 11.91%, Special Risk Administrative Support 37.76% and 38.65%; Special Risk 25.89% and 27.83%; Senior Management Services 29.01% and 31.57%, Elected Officers 51.42% and 57.00%, and DROP participants 18.34% and 18.60%. These employer contribution rates include 1.66% and 1.66% HIS Plan subsidy for the periods October 1, 2021 through June 30, 2022 and from July 1, 2022 through September 30, 2022, respectively.

# DRAFT

## FLORIDA KEYS MOSQUITO CONTROL DISTRICT NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2022

### NOTE 6 – FLORIDA RETIREMENT SYSTEM RETIREMENT PLANS (Continued)

The District's contributions, including employee contributions, to the Pension Plan totaled \$438,111 for the fiscal year ended September 30, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At September 30, 2022, the District reported a liability of \$3,820,146 for its proportionate share of the Pension Plan's net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022. The District's proportionate share of the net pension liability was based on the District's 2022 fiscal year contributions relative to the 2022 fiscal year contributions of all participating members. At June 30, 2022, the District's proportionate share was 0.01%, which was the same proportionate share measured as of June 30, 2021.

For the fiscal year ended September 30, 2022, the District recognized pension expense of \$547,338. In addition the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 181,435	\$ -
Change of assumptions	470,467	-
Net difference between projected and actual earnings on Pension Plan investment	252,244	-
Changes in proportion and differences between District's Pension Plan contribution and proportionate share of contributions	132,867	35,370
District's Pension Plan Contributions subsequent to the measurement date	126,744	-
<b>Total</b>	<u>\$ 1,163,757</u>	<u>\$ 35,370</u>

The deferred outflows of resources related to the Pension Plan, totaling \$126,744 resulting from the District's contributions to the Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2022. Other amounts reported as deferred outflows of resources and deferred (inflows) of resources related to the Pension Plan will be recognized in pension expense as follows:

Year Ended September 30	<u>Amount</u>
2023	22,297
2024	27,624
2025	24,134
2026	21,013
2027	2,429
Total	<u>\$ 97,497</u>

Actuarial Assumptions - The total pension liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40%
Salary increases	3.25%, average, including inflation
Investment rate of return	6.70%, net of pension plan investment expense, including inflation

Mortality rates were based on the PUB-2010 base table varies by member category and sex, projected generationally with Scale MP-2018. The actuarial assumptions used in the July 1, 2022, valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018. The long term expected rate of return remained at 6.70%, and the active member mortality assumption was updated.

# DRAFT

## FLORIDA KEYS MOSQUITO CONTROL DISTRICT NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2022

### NOTE 6 – FLORIDA RETIREMENT SYSTEM RETIREMENT PLANS (Continued)

The long-term expected rate of return on Pension Plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation (1)	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1.00%	2.60%	2.60%	1.10%
Fixed Income	19.80%	4.40%	4.40%	3.20%
Global Equity	54.00%	8.80%	7.30%	17.80%
Real Estate	10.30%	7.40%	6.30%	15.70%
Private Equity	11.10%	12.00%	8.90%	26.30%
Strategic Investments	3.80%	6.20%	5.90%	7.80%
<b>Total</b>	<b>100.00%</b>			

Assumed Inflation - Mean 2.40% 1.30%  
 (1) As outlines in the Pension Plan's investment policy

Discount Rate - The discount rate used to measure the total pension liability was 6.70%. The Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Sensitivity of the District's Proportionate Share of the Net Position Liability to Changes in the Discount Rate - The following represents the District's proportionate share of the net pension liability calculated using the discount rate of 6.70%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.70%) or one percentage point higher (7.70%) than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
	5.70%	6.70%	7.70%
District's Proportionate share of the net liability	\$ 1,328,551	\$ 768,201	\$ 299,682

Pension Plan Fiduciary Net Position - Detailed information regarding the Pension Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

#### HIS Plan

Plan Description - The HIS Plan is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided - For the fiscal year ended September 30, 2022, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month. To be eligible to receive these benefits, a

# DRAFT

## FLORIDA KEYS MOSQUITO CONTROL DISTRICT NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2022

### NOTE 6 – FLORIDA RETIREMENT SYSTEM RETIREMENT PLANS (Continued)

retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare

Contributions - The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended September 30, 2022, the HIS contribution for the period October 1, 2021 through June 30, 2022 and from July 1, 2022 through September 30, 2022 was 1.66%. The District contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or cancelled. The District’s contributions to the HIS Plan totaled \$77,239 for the fiscal year ended September 30, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At September 30, 2022, the District reported a liability of \$1,352,021 for its proportionate share of the HIS Plan’s net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2022. The District’s proportionate share of the net pension liability was based on the District’s 2022 fiscal year contributions relative to the 2022 fiscal year contributions of all participating members. At June 30, 2022, the District’s proportionate share was 0.013 percent, which was the same proportionate share measured as of June 30, 2021.

For the fiscal year ended September 30, 2022, the District recognized HIS Plan pension expense of \$64,702. In addition the District reported deferred outflows of resources and deferred inflows of resources related to HIS Plan pensions from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 41,037	\$ 5,949
Change of assumptions	77,499	209,157
Net difference between projected and actual earnings on HIS Plan investment	1,957	
Changes in proportion and differences between District's HIS Plan contribution and proportionate share of contributions	24,727	48,620
District's HIS Contributions subsequent to the measurement date	22,120	
<b>Total</b>	<b>\$ 167,340</b>	<b>\$ 263,726</b>

The deferred outflows of resources related to the HIS Plan, totaling \$22,120 resulting from District’s contributions to the HIS Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2022. Other amounts reported as deferred outflows of resources and deferred (inflows) of resources related to the HIS Plan will be recognized in pension expense as follows:

Year Ended September 30	Amount
2023	\$ (5,719)
2024	(3,136)
2025	(3,693)
2026	(8,559)
2027	(2,985)
Thereafter	199
Total	<b>\$ (23,893)</b>

# DRAFT

## FLORIDA KEYS MOSQUITO CONTROL DISTRICT NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2022

### NOTE 6 – FLORIDA RETIREMENT SYSTEM RETIREMENT PLANS (Continued)

Actuarial Assumptions - The total pension liability in the July 1, 2022, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40 %
Salary increases	3.25%, average, including inflation
Municipal bond rate	3.54 %

Mortality rates were based on the Generational PUB-2010 with projection Scale MP-2018.

The actuarial assumptions used in the July 1, 2022, valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018. The municipal rate used to determine total pension liability increased from 2.16% to 3.54%.

Discount Rate - The discount rate used to measure the total pension liability was 3.54%. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date.

Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan

sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Sensitivity of the District's Proportionate Share of the Net Position Liability to Changes in the Discount Rate - The following represents the District's proportionate share of the net pension liability calculated using the discount rate of 3.54%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (2.54%) or one percentage point higher (4.54%) than the current rate:

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
	2.54%	3.54%	4.54%
District's Proportionate share of the net liability	\$ 1,787,506	\$ 1,562,393	\$ 1,376,117

HIS Plan Fiduciary Net Position - Detailed information regarding the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report.

#### Investment Plan

The SBA administers the defined contribution plan officially titled the FRS Investment Plan. The investment Plan is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report. As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. District employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class as the Pension Plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.04 and 0.06 percent of payroll and by forfeited benefits of plan members for the periods October 1, 2021 through June 30, 2022 and from July 1, 2022 through September 30, 2022, respectively. Allocations to the investment member's accounts during the 2022 fiscal year, as established by Section 121.72, Florida Statutes, are based on a percentage of gross compensation, by class, as follows: Regular class 6.30%, Special Risk Administrative Support class 7.95%, Special Risk class 14.00%, and Senior Management Service class 7.67%, and District Elected Officers class of 11.34%.

# DRAFT

## FLORIDA KEYS MOSQUITO CONTROL DISTRICT NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2022

### NOTE 6 – FLORIDA RETIREMENT SYSTEM RETIREMENT PLANS (Continued)

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the Pension Plan is transferred to the Investment Plan, the member must have the years of service required for Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended September 30, 2022, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the District.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the Pension Plan when approved for disability retirement to receive guaranteed

lifetime monthly benefits under the Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income. The District’s Investment Plan pension expense totaled \$0 for the fiscal year ended September 30, 2022.

### NOTE 7 – OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN

#### General Information About Post Employment Health Care Benefits:

Plan Description – The District’s Retiree Health Care Plan (Plan) is a single-employer defined benefit postemployment health care plan that covers eligible retired employees. The Plan, which is administered by the District, allows employees who retire and meet retirement eligibility requirements under one of the District’s retirement plans to continue medical, dental, vision, and life coverage as a participant in the District’s plan.

Employees covered by benefit terms – At October 1, 2021, the following employees were covered by the benefit terms:

Inactive Plan Members, Dependent Spouses, or Beneficiaries Currently Receiving Benefits	41
Inactive Plan Members Entitled to But Not Yet Receiving Benefits	-
Active Plan Members	67
	108

Benefits Provided – The benefits provided are the same as those provided for active employees. Spouses and dependents of eligible retirees are also eligible for medical coverage. All employees of the District are eligible to receive postemployment health care benefits. Coverage for retirees and their spouses and dependents is provided for life. The Trust was established with the intent to advance fund benefits provided under the Plan.

The District subsidizes the medical, dental, vision and life insurance benefits provided to retirees participating in the District’s group insurance plans who were hired prior to September 21, 2010. For medical insurance, retirees pay a premium of \$50/month for single coverage, and \$288.33/month for spouse coverage. The District pays 100% of the active premium for dental, vision and life insurance benefits for retirees hired prior to September 21, 2010.

Retirees who were hired on or after September 21, 2010 and are participating in the District’s group insurance plans are required to contribute 100% of the active premiums. An employer-provided implicit subsidy for the health plan will still exist for these participants. In future years, contributions for retirees hired on or after September 21, 2010 are assumed to increase at the same rate as total healthcare costs.

Contributions – the contributions made to the program are assumed to be at least the benefits paid to retirees (both on an explicit and implicit basis) and administrative expenses.

Concentrations – The Plan did not hold investments in any one organization that represents 5 percent or more of the Fund’s Fiduciary Net Position.

# DRAFT

## FLORIDA KEYS MOSQUITO CONTROL DISTRICT NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2022

### NOTE 7 – OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (Continued)

Investment Policy – the following was the District’s adopted asset allocation as of September 30, 2022:

Asset Class	Target Allocation
Fixed Income	100%
Cash & Cash Equivalents	0%
Total	100%

Rate of Return – For the year end September 30, 2022, the annual money-weighted rate of return on investments, net of investment expense, was 3.69%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts invested.

#### **Net OPEB Liability:**

The measurement date for GASB 75 reporting is September 30, 2022. The measurement period for the OPEB expense is October 1, 2021 to September 30, 2022. The reporting period is October 1, 2021 to September 30, 2022. The District’s Net OPEB Liability was measured as of September 30, 2022. The Total OPEB Liability used to calculate the Net OPEB Liability was determined as of that date.

Actuarial Assumptions – The Total OPEB Liability was determined by an actuarial valuation as of October 1, 2021 using the following assumptions:

Inflation Rate	2.50%
Salary Increase Rate(s)	Varies by Service
Discount Rate	3.50%
Initial Trend Rate	7.50%
Ultimate Trend Rate	4.00%
Years to Ultimate	53
Investment Rate of Return	3.50%

All mortality rates were based on the PubG-2010 mortality tables. All mortality rates are those outlined in Milliman’s July 1, 2021 Florida Retirement System (FRS) valuation report. All tables include fully generational adjustments for mortality improvements using gender-specific improvement scale MP-2021.

Mortality - Active Lives – For female lives, the headcount-weighted PubG-2010 female below-median income employee table was used. For male lives, the headcount-weighted PubG-2010 male below-median income employee table, set back one year, was used.

Mortality - Inactive Healthy Live – For female lives, the headcount-weighted PubG-2010 female below-median healthy retiree table was used. For male lives, the headcount-weighted PubG-2010 male below-median income healthy retiree table, set back one year, was used.

Mortality - Disabled Lives – For female lives, the headcount-weighted PubG-2010 female disabled retiree table, set forward 3 years, was used. For male lives, the headcount-weighted PubG-2010 male disabled retiree table, set forward 3 years, was used.

Long-Term Expected Rate of Return – The Long-Term Expected Rate of Return on OPEB Plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB Plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the Long-Term Expected Rate of Return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

# DRAFT

## FLORIDA KEYS MOSQUITO CONTROL DISTRICT NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2022

### NOTE 7 – OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (Continued)

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long Term Expected Real Rate of Return
Fixed Income	100%	1.00%
Cash & Cash Equivalents	0%	0.00%
Total	100%	

Long-Term Expected Real Rates of Return by asset class were provided by the District personnel.

Discount Rate – The discount rate used to measure the Total OPEB Liability is 3.5%, which is equivalent to the expected rate of return on trust investments. This rate is used to discount all projected benefit payments.

#### Changes in Net OPEB Liability:

	Increase (Decrease)		
	Total OPEB Liability	Plan Fiduciary Net Position	Net OPEB Liability
Reporting Period Ending September 30, 2021	\$ 16,570,102	\$ 2,443,032	\$ 14,127,070
Changes for the Year:			
Service Cost	259,750	-	259,750
Interest	623,860	-	623,860
Differences Between Expected and Actual Experience	1,389,387	-	1,389,387
Changes of Assumptions	113,476	-	113,476
Changes of Benefit Terms	-	-	-
Explicit Contributions - Employer	-	-	-
Implicit Contributions - Employer	-	796,154	(796,154)
Net Investment Income	-	80,476	(80,476)
Benefit Payments	(796,154)	(796,154)	-
Administrative Expense	-	-	-
Other Changes	-	-	-
Net Changes	1,590,319	80,476	1,509,843
Reporting Period Ending September 30, 2022	\$ 18,160,421	\$ 2,523,508	\$ 15,636,913

Differences between expected and actual experience reflects the impact of changes to the census data from prior valuation to the valuation as of October 1, 2021. Changes in assumptions reflect updated health care costs and premiums, and updated mortality improvement scale

Sensitivity of the Net OPEB Liability to changes in the Discount Rate – The following presents the Net OPEB Liability of the District, as well as what the District's Net OPEB Liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
	2.50%	3.50%	4.50%
Net OPEB Liability (asset)	\$ 18,379,452	\$ 15,636,913	\$ 13,389,224

Sensitivity of the Net OPEB Liability to the changes in the Healthcare Cost Trend Rates – The following presents the Net OPEB Liability of the District, as well as what the District' Net OPEB Liability would be if it were calculated

# DRAFT

## FLORIDA KEYS MOSQUITO CONTROL DISTRICT NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2022

### NOTE 7 – OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (Continued)

using healthcare cost trend rates that are one percentage point lower or one percentage point higher than the current healthcare cost trend rates:

	1% Decrease (3.00% to 6.50%)	Healthcare Cost Trend Rates (4.00% to 7.50%)	1% Increase (5.00% to 8.50%)
Net OPEB Liability (asset)	\$ 12,926,699	\$ 15,636,913	\$ 19,068,146

OPEB Plan Fiduciary Net Position – Detailed information about the OPEB Plan’s Fiduciary Net Position is available in a separately issued Plan financial report by contacting the District’s Comptroller at 18 Aquamarine Drive, Key West, Florida, 33040, phone (305) 292-7190.

#### **OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources related to OPEB from the following sources:**

For the year ended September 30, 2022 , the District will recognize OPEB Expense of \$1,346,116.

On September 30, 2022, the District reported Deferred Outflows of Resources and Deferred Inflows of Resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between actual and expected	\$ 1,885,607	\$ 4,024
Changes of assumptions	3,461,405	2,758,595
Net differences between Projected and Actual		
Earnings on OPEB Plan investments	-	21,221.00
Total	\$ 5,347,012	\$ 2,783,840

Amounts reported as Deferred Outflows of Resources and Deferred Inflows of Resources related to OPEB will be recognized in OPEB Expense as follows:

Year ending	Amount
9/30/2023	\$ 503,788
9/30/2024	510,903
9/30/2025	514,742
9/30/2026	518,223
9/30/2027	367,606
Thereafter	147,910
Total	\$ 2,563,172

### NOTE 8 – CONTINGENCIES

From time to time, the District receives financial assistance from federal and state governmental agencies in the form of grants. The disbursement of funds received generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the District. However, in the opinion of management such disallowed claims, if any, will not have a material effect on the financial statements or the overall financial position of the District at September 30, 2022.

After year end, there was a fire at one of the District’s facilities. Management filed a claim with the District’s insurance carrier and as of the date of the financial statements, management is working on the reimbursement and the ultimate financial impact and duration cannot be estimated at this time.

# DRAFT

## FLORIDA KEYS MOSQUITO CONTROL DISTRICT NOTES TO THE FINANCIAL STATEMENTS SEPTEMBER 30, 2022

### **NOTE 9 – RISK MANAGEMENT**

The District is exposed to various risks of loss related to tort; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District purchases commercial insurance for all risks of loss except group insurance. Settled claims have not exceeded this commercial coverage in any of the last four years, except FY 2017 relating to uncovered damages from Hurricane Irma, totaling \$60,866 and FY 2021, totaling \$857,073 relating to an employee lawsuit of \$7,073, an agreed upon amount of \$850,000 as described as on March 16, 2021 the Board approved an agreement between the District and the City of Key West (“City”) resolving a dispute through mediation, related to remediation of environmental contamination of the property located in the vicinity of the District’s former headquarters located at 5224 College Road, Stock Island, Florida, and indemnified the District from any and all claim of third parties related to the same, and FY 2022 due to a theft incurrence in the amount of approximately \$80,000.

The District is self-insured for hospitalization and medical care. The plan is administered by an independent third party who processes the claims for payment. The plan administrator actuarially calculates a premium for which the District makes monthly payments. During the fiscal year, the District incurred expenses totaling \$1,431,393 for claims, administrative fees and premiums.

**SUPPLEMENTARY INDEPENDENT AUDITOR REPORTS**

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Commissioners  
Florida Keys Mosquito Control District  
Key West, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the major fund and the aggregate remaining fund information of the Florida Keys Mosquito Control District ("the District") as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated June 20, 2023.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify a certain deficiency noted as finding 2021-01 in a letter dated June 20, 2023 that we consider to be a material weakness.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Governmental Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITOR'S MANAGEMENT LETTER

The Board of Commissioners  
Florida Keys Mosquito Control District  
Key West, Florida

### Report on the Financial Statements

We have audited the financial statements of the Florida Keys Mosquito Control District (the District), as of and for the fiscal year ended September 30, 2022, and have issued our report thereon dated June 20, 2023.

### Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Additionally, our audit was conducted in accordance with Chapter 10.550, Rules of the Florida Auditor General, which govern the conduct of local government entity audits performed in the State of Florida and require that certain items be addressed in this letter.

### Other Reporting Requirements

We have issued our Independent Auditor's Report and Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Accountant's Report on an examination conducted in accordance with AICPA Professional Standards, ATC Section 315, regarding compliance requirements in accordance with Chapter 10.550 Rules of the Florida Auditor General, all dated June 20, 2023. Disclosures in those reports should be considered in conjunction with this management letter.

### Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, require that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report.

### Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements.

There were no component units related to the District. The District's name and legal authority is disclosed in the notes to the financial statements.

### Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, requires us to apply appropriate procedures and communicate the results of our determination as to whether or not the District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the District. It is management's responsibility to monitor the District's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

# DRAFT

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

## Specific Special District Information

The following items have been provided to us to comply with state reporting requirements and have not been audited by us. We did not audit the following information within this section, nor were we required to perform any procedures to verify the accuracy of the completeness of the information provided by management. We do not express an opinion, a conclusion, nor provide any form of assurance on this data.

As required by Section 218.39(3)(a), Florida Statutes, and Section 10.554(1)(i)6, rules of the Auditor General, the District reported:

- a. The total number of employees compensated in the last pay period of the District's fiscal year as of September 30, 2022: 76
- b. The total number of independent contractors to whom nonemployee compensation was paid in the last month of the District's fiscal year as of September 30, 2022: None
- c. All compensation earned or awarded to employees, whether paid or accrued, regardless of contingency: \$4,891,463
- d. All compensation earned or awarded to nonemployee independent contractors, whether paid or accrued, regardless of contingency: \$17,960
- e. There were no construction projects with a total cost of at least \$65,000 approved by the District that were scheduled to begin on or after October 1 of the fiscal year being reported, together with the total expenditures for such project as of September 30, 2022.
- f. The budget variance based on the budget adopted under Section 189.016(4), Florida Statutes, before the beginning of the fiscal year being reported if the District amends a final adopted budget under Section 189.016(6), Florida Statutes: \$278,656. The financial statements include a budget to actual variance report with the original and final budget amounts.

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)7, rules of the Auditor General, the District reported:

- a. The millage rate imposed by the District was 0.4648.
- b. The total amount of ad valorem taxes collected on behalf of the district was \$14,237,906
- c. The District did not issue or have any outstanding bonds during the fiscal year.

## Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

## Purpose of this Letter

This management letter is intended solely for the information of the Legislative Auditing Committee, members of the Florida Senate and Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Directors and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

## **REPORT OF INDEPENDENT ACCOUNTANT ON COMPLIANCE WITH LOCAL GOVERNMENT INVESTMENT POLICIES**

The Board of Commissioners  
Florida Keys Mosquito Control District  
Key West, Florida

We have examined the Florida Keys Mosquito Control District's (the District) compliance with the local government investment policy requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2022. The District's management is responsible for the District's compliance with those specified requirements. Our responsibility is to express an opinion on the District's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of those procedures selected depend on our judgement, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.

Our examination does not provide a legal determination of the District's compliance with specified requirements.

In our opinion, the District complied, in all material respects, with the local government investment policy requirements of Section 218.415 Florida Statutes during the year ended September 30, 2022.

This report is intended to describe our testing of compliance with Section 218.415 Florida Statutes and it is not suitable for any other purpose.
