FKMCD Announces Release of Smartphone Notification App

October 10, 2018 – The Florida Keys Mosquito Control District (FKMCD) is excited to announce the release of a notification app for both Android phones and iPhones.

The FKMCD Notification app is an easy and convenient way for residents and visitors of the Florida Keys to stay informed about mosquito control activities.

With the FKMCD app, you can place requests for mosquito control service, as well as subscribe to receive notifications of spray missions and other mosquito control activities in your area. The app's map feature will allow you to view scheduled and recently completed spray missions as well as current mosquito population levels in your area.

You can find links directly to the app on the Apple Store and the Google Play store by visiting www.keysmosquito.org.

About the Florida Keys Mosquito Control District

The mission of the Florida Keys Mosquito Control District is to control the mosquito population using the most effective methods, techniques, equipment and insecticides; thus enhancing the quality of life for all residents and reducing the possibility of mosquito transmitted diseases.

Follow FKMCD on Twitter at [@FIKeysMosquito](https://twitter.com/FIKeysMosquito) and on [Facebook](https://www.facebook.com/FIKeysMosquito). For more information about the Florida Keys Mosquito Control District, please visit www.keysmosquito.org.
