

	<b>FLORIDA KEYS MOSQUITO CONTROL DISTRICT</b>  <b>Job Description</b>	<b>Non-Exempt</b>	
		<b>DATE OF REVISION</b>	<b>3/10/14</b>
<b>POSITION</b>	<b>SPRAY VEHICLE OPERATOR</b>	<b>Hourly Rate \$</b>	
<b>LOCATION</b>	<b>KEY WEST/ MARATHON/ KEY LARGO</b>	<b>Pay Range \$ - \$</b>	

**Physical Location(s):**

Florida Keys Mosquito Control Facility – Key West, Marathon, & Key Largo

**Basic Scope/Purpose:**

The Spray Vehicle Operator is an on-call position relating to the operations of the District’s vehicles and spray equipment and will be asked to work on an as-needed basis which includes but is not limited to evenings, weekends, and holidays. The Spray Vehicle Operator is responsible for application of adulticide to designated areas depending upon the mosquito population, for the vehicle and spray equipment assigned for a particular spray mission, and maintaining equipment. The Spray Vehicle Operator will apply abatement materials in compliance with directives, standards, policies, and procedures as set forth by the District Board of Commissioners and administered by the Executive Director.

**Reporting Responsibilities:**

The Spray Vehicle Operator reports to the Ground ULV Coordinator/Dispatch as well as area supervisors.

**Working Conditions:**

The Spray Vehicle Operator position requires strenuous physical effort to perform manual work involving walking over rough, uneven terrain, repeated bending and climbing, crouching, stooping, stretching, reaching or lifting objects up to 50 pounds. The Spray Vehicle Operator will be exposed to both inside and outside environmental conditions, noise, vibration, close proximity to moving mechanical parts, exposure to chemicals, fumes, odors, and oils and may be required to wear a respirator and other protective equipment as required.

**Essential Functions (Without Accommodations):**

1. Perform physical inspection of assigned vehicle and spray system before and after each mission.
2. Follow appropriate route and time schedules depending upon area and time of year.
3. Utilize no-spray and special spray lists for assigned areas.
4. Read odometer and similar meters and dials and record such readings.
5. Maintain correct paperwork on time sprayed, hour meter and odometer.
6. Effectively communicate with the public when necessary while conducting missions.
7. Report any incidents, accidents and unusual occurrences to supervisor immediately.

8. Train new employees in policies and procedures when necessary.

Since our organization is going to change to meet the needs of public health, environmental conservation, and the District, you can expect, anticipate, and assume that your job description will change to meet these challenges.

**Knowledge:**

Knowledge and understanding of mosquito control operations, policies, and procedures

**Abilities & Skills:**

Ability to operate and care for light pick-up truck and insecticide application equipment

Ability to receive instructions and to perform tasks assigned in a safe and efficient manner
